

Donor Recognition Program

We at BBH aim to honor our young donors embarking on a lifetime of giving. Every donation made by a student during their HS tenure will be credited toward a pin, red cord or gold and red cord for participating schools.

Please remember that the school's unique "Group ID" must be provided at check-in for donations made outside of the school setting. It's critical that all donors know the school's Group ID and understand the expectation for providing it in order to be credited for the pin and/or honor cords.
